Important information

Your vehicle has an Engine Oil Life System (EOLS) which monitors vehicle usage and driving patterns to maximise the service life of the engine oil – refer to Service information in the Owner's Manual for further details.

- Change the engine oil and filter within 1000 km when **% Change** (Change Engine Oil Soon) is displayed in the Driver Information Centre (DIC).
- The vehicle must have a maintenance service (incl. oil and filter) at least once every year even if the **% Change** (Change Engine Oil Soon) message has not displayed in the DIC.

Note:

- If **% Change** (Change Engine Oil Soon) is displayed within 3,000 km of the next scheduled maintenance interval, the scheduled service should be performed.

Just bought a new car?

Know your consumer rights

Congratulations on your new car! For any consumer, this is a major—and exciting—purchase. Take a moment to read this information so you understand what your rights are in case you have a problem later.

Under Australian law, when you buy products and services they come with automatic guarantees that they will work and do what you asked for, under what is referred to as Australia's consumer guarantee rights. If something goes wrong with your new car, you may be entitled to a remedy under the consumer guarantees as well as the manufacturer's warranty or any extended warranty you might have.

- **Consumer guarantees:** Your automatic rights under the Australian Consumer Law that cannot be restricted or excluded.
- **Manufacturer and extended warranties:** Voluntary promises offered by the manufacturer, dealer or a third party that apply for a specified time and may add to your automatic rights under the Australian Consumer Law.

Manufacturers and dealers must honour your consumer guarantee rights regardless of any commercial warranties they give to you or sell you. For example, your consumer guarantee rights may protect you if your car experiences a major failure after a warranty has expired.

Consumer guarantees

- Your statutory rights that cannot be replaced, limited or removed by any agreement, contract or warranty, or made subject to non-disclosure conditions.
- They apply to new cars for an unspecified but reasonable time, and are subject to certain exceptions (e.g. if the reason for the damage is abnormal consumer use).
- These rights include that your new car must:
  - be of acceptable quality (including that it is safe, durable and free from defects)
  - be fit for any purpose disclosed before the sale
  - match the description provided or demo model
  - have spare parts and repair facilities available.
- These rights apply regardless of whether or not an independent operator services or repairs your car.

Manufacturer's warranty

- This is a car manufacturer's promise about your new car and what they will do if something goes wrong.
- It applies for a specified time from when you buy a new car.
- It comes with conditions that limit the coverage and what you can claim for.
- It typically allows you to choose your preferred repairer for service and repair, as long as the manufacturer's maintenance and servicing standards are met.
- However some manufacturer warranties may require you to return to their dealer network for repairs claimed under warranties.

Extended warranty

- You may be able to purchase an optional add-on extended warranty that is usually sold separately to the car.
- It applies for a specified time once the manufacturer's warranty expires.
- You may be able to purchase a manufacturer's extended warranty, which usually replicates and extends your existing warranty, or you may be able to purchase a dealer or third-party extended warranty.
- You should make sure that the extended warranty provides value for money and benefits greater than what you automatically receive under the consumer guarantees. For example, some extended warranties contain restrictive terms and conditions, such as excluding certain parts, setting caps on claims or requiring you to use a nominated repairer.

If your new car fails to meet the consumer guarantees

If your car fails to meet a consumer guarantee, you have rights against whoever supplied you the car (e.g. the car dealer), and in some cases against the manufacturer. In particular, you are entitled to a repair, replacement or refund if your new car fails to meet the consumer guarantees. The remedy you're entitled to, and who chooses the remedy, will depend on whether the failure is **major** or **minor**.

Major failures

This type of failure happens when:

- your car cannot be fixed or it is too difficult to fix your car within a reasonable time (e.g. your car develops excessive jerking due to a manufacturing defect that cannot be repaired, or is too difficult to repair within a reasonable time)
- if, as a reasonable consumer who was fully aware of the nature and extent of the failure, you would not have bought the car (e.g. your car suddenly and unexpectedly loses power due to a manufacturing defect)
- the failure prevents you from using your car and it cannot be fixed in a reasonable time (e.g. your car is not drivable due to a manufacturing defect and is incapable of being repaired in a reasonable time)
- the failure creates an unsafe situation (e.g. your car has a fault that affects your ability to brake or steer the car easily).

Type of remedy

You can 'reject the car' (which typically requires you to return it) and choose between a repair, replacement or refund. You should clearly advise the supplier that sold you the car (e.g. the car dealer) if you intend to reject it, and explain why – e.g. the car is not drivable, or the car was not repaired within a reasonable time, etc.

You may also be able to recover 'reasonably foreseeable' damages for any loss or damage you suffered from the supplier that sold you the car (e.g. the car dealer), or in some cases from the manufacturer.

Minor failures

This type of failure happens when:

- your new car can be fixed, or the problem can be resolved, within a reasonable time (e.g. your car's engine develops a slight rattling noise that doesn't interfere with its ordinary operation, and can be successfully repaired within a reasonable time).

Type of remedy

The supplier that sold you the car (e.g. the car dealer) can choose to repair or replace your new car, or to offer you a refund.

Any repairs must be done within a reasonable time and without charge.

However, you may choose the remedy if the repair is not done in a reasonable time.

In this case, you may request a free replacement or a refund. You may also seek a repair elsewhere and be able to recover the costs, as well as any 'reasonably foreseeable' loss or damage you suffered as a result of the failure, from the supplier that sold you the car (e.g. the car dealer), or in some cases from the manufacturer.

Holden Warranty certificate

Holden Warranty application

This Holden Warranty is given by GM Holden Ltd., ABN 84 006 893 232, ('Holden') 191 Salmon St, Port Melbourne Victoria 3207. Holden Customer Care: 1800 033 349. The Holden Warranty applies to the vehicle identified on the inside front cover of this service booklet. It is provided to the original and subsequent owners / operators driving the vehicle within Australia during the Holden Warranty period.

Our goods and services come with guarantees that cannot be excluded under the Australian Consumer Law. For major failures with the service, you are entitled:

- to cancel your service contract with us; and
- to a refund for the unused portion, or to compensation for its reduced value.

You are also entitled to choose a refund or replacement for major failures with goods. If a failure with the goods or a service does not amount to a major failure, you are entitled to have the failure rectified in a reasonable time. If this is not done, you are entitled to a refund for the goods and to cancel the contract for the service and obtain a refund of any unused portion. You are also entitled to be compensated for any other reasonably foreseeable loss or damage from a failure in the goods or service.

Australian vehicles

This Holden Warranty is only applicable to vehicles purchased and operated in Australia.

This Holden Warranty does not apply for Holden vehicles exported or operated outside Australia. Similarly, this Holden Warranty is not provided for Holden vehicles purchased overseas and imported into Australia.

Holden Warranty repairs covered

Subject to your non-excludable statutory rights and the exclusions shown on the following pages, this Holden Warranty covers the correction, of any manufacturing defect to materials or Holden workmanship and advised to a Holden Dealer or Authorised Service Outlet, by repair or at Holden's option by replacement.

Holden Warranty period

The coverage under this Holden Warranty commences from the date of first registration (or in the case of a demonstrator vehicle the date when the vehicle was first placed into service by the Dealer). This coverage expires at the end of the period of 5 years (unlimited kms) or (if applicable) the earlier of the end of 5 years or 200,000 kilometres.

Holden Warranty certificate

No charge

Warranty work performed under this Holden Warranty (including parts and labour) will be carried out at no cost to the vehicle owner. However, this work should not be confused with servicing specified in the maintenance schedule in this service booklet for which a charge is payable.

Holden Warranty exclusions

Damage

Your Holden Warranty does not extend to the following: Damage caused by an accident, fire, theft or moving objects striking the vehicle (including inside the vehicle); damage as a result of towing; damage caused by industrial fallout, chemicals or sealants; damage caused by atmospheric fallout or flood, hail, salt, etc.

Maintenance items

Your Holden Warranty does not extend to services such as brake adjustment, brake replacement, replacement of filters, wiper rubbers, etc., which are required as part of normal vehicle maintenance. Refer to *Maintenance Schedule* further on in this booklet.

Batteries and bulbs

Batteries and bulbs are warranted for 12 months under this Holden Warranty.

Misuse

This Holden Warranty does not cover damage caused by:

(a) misuse or abuse of the vehicle such as by racing, rallying, overloading, etc. or neglect,

(b) operation of the vehicle after the defect is known,

(c) failure to carry out scheduled maintenance services. Refer to *Maintenance Schedule* further on in this booklet,

(d) use of incorrect types and grades of fuel, oil or lubricants,

(e) alteration or modifications of the vehicle by anyone not authorised by Holden,

(f) fitting of parts or accessories not recommended by Holden,

(g) any work carried out on the vehicle by anyone except an Authorised Holden Dealer or Authorised Service Outlet.

Holden Warranty questions and answers

This section is designed to assist you to understand the Holden Warranty provided with your new vehicle which is in addition to your statutory rights which cannot be excluded, limited or restricted by this Holden Warranty.

The following are some of the most frequently asked questions for which detailed answers are provided.

Q 1. How do I go about obtaining Holden Warranty service?

It is the responsibility of the selling Dealer to provide Holden Warranty service, therefore, you should take your vehicle to the selling Dealer whenever Holden Warranty service is needed. However, if this is not possible, you may go to any other Authorised Holden Dealer. The details recorded inside the front cover of this service booklet will be required by the Dealer.

Q 2. What should I do if my vehicle becomes unsafe or inoperative as a result of a defect which is covered by the Holden Warranty?

You should contact the nearest Authorised Holden Dealer or Holden Roadside Assistance as soon as possible, and arrange for that Dealer to carry out the required Holden Warranty service.

Q 3. What should I do if, in an emergency, Holden Warranty service is required and an Authorised Holden Dealer is not available to provide such service at the time?

Subject to your statutory rights, if, in an emergency, a repair, replacement or adjustment (covered by the Holden Warranty) is required to enable your vehicle to be operated safely and it is not practical for you to go to an Authorised Holden Dealer, the service (to the extent that it is necessary to enable your vehicle to be operated safely) may be performed by any other qualified mechanic or repairer. A claim for the reasonable cost may be made under the Holden Warranty through the Authorised Holden Dealer who would normally provide you with Holden Warranty service. You must also take your vehicle to the Authorised Holden Dealer for inspection of the service and / or completion of any required Holden Warranty service, as soon as possible.

Note: During normal business hours, you should seek authorisation from your nearest Authorised Holden Dealer or Holden Customer Care, prior to repairs under your Holden Warranty being commenced.

Holden Warranty questions and answers

Q 4. Is damage or injury, loss of time, inconvenience, commercial or other direct or indirect loss covered by the Holden Warranty?

No, these items are not covered under the Holden Warranty. Holden Warranty only covers the repair, replacement or adjustment of those parts of your vehicle which are found to be defective in materials or workmanship. No other types of claim for compensation of any kind, even if the same resulted from a consequence of a defect in materials or workmanship in your vehicle, will be recognised under the Holden Warranty.

You may also have rights under your non-excludable statutory rights to claim compensation or other remedies outside of the Holden Warranty.

Q 5. Will I have to pay for maintenance costs during the Holden Warranty Period?

Maintenance costs are not covered by the Holden Warranty. The maintenance schedules in this service booklet specify the minimum maintenance required for your vehicle operating under normal conditions.

Subject to your statutory rights, the Maintenance items (except where they are required as a result of defects in materials or workmanship) for which you will have to pay include:

- Engine tune-up.
- Replacement of engine and other belts, hoses (including LPG hoses), wiper blades and clutch linings.
- Cleaning or flushing of fuel, coolant, brake, engine, transmission, power steering, etc. – after 3,000 km.
- Carbon and sludge removal.
- Maintenance servicing of emission control system devices.
- Adding to (or replacing) lubricants.
- Adding to (or replacing) air conditioning refrigerant – after 3,000 km.
- Any necessary adjustments to drive belts, transmission, clutch, etc.
- Wheel balancing – after 3,000 km.
- Wheel alignment.
- De-dusting or de-glazing of brake linings or pads – after 3,000 km.
- Brake pad / lining wear or damaged brake components due to brake / pad lining wear.
- Clutch lining wear or damaged clutch components due to lining wear.

Holden Warranty questions and answers

- Brake disc pad or disc wear.
- Battery recharging.
- Paint, bright metal finish and trim, due to normal deterioration.
- Body panel adjustment – after 3,000 km.
- Door, or bonnet lock adjustments.
- Glass or channel adjustments – after 3,000 km.
- Body rattles and squeaks – after 3,000 km.
- Chipped glass or breakage.
- Torn or damaged floor mats or carpets.
- Normal wear and tear to trim components.

Q 6. Will I have to pay for any costs or expenses in connection with the provision of Holden Warranty service?

All parts and labour used in carrying out Holden Warranty service at the premises of the servicing Holden Dealer, are free of charge. Whenever Holden Warranty service is to be carried out by the servicing Holden Dealer it is your responsibility to deliver your vehicle to the servicing Holden Dealer's premises.

If, as a result of a defect which is covered by the Holden Warranty, your vehicle cannot be driven safely and you arrange for the nearest Authorised Holden Dealer to carry out the required Holden Warranty service, Holden will accept reasonable towing costs to move your vehicle to the nearest Holden Dealer's premises. Before employing a towing company, contact the nearest Holden Dealer or Holden Roadside Assistance Service or Holden Customer Care to obtain guidance.

Q 7. Would my vehicle's engine benefit from fuel additives, oil additives or coolant additives not marketed by Holden?

Your Holden is engineered to perform at its optimum using Holden recommended lubricants and fluids. The use of supplemental additives is not recommended as their use not only increases operating costs, but may indeed be harmful to your vehicle.

Any negative impact or consequences due to the use of additives may affect the validity of your Holden Warranty.

Only the fluids and lubricants referred to in the Owner's Manual should be used.

Holden Warranty questions and answers

Unauthorised statements in relation to Holden products

No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance, characteristics, descriptions or fitness for any purpose of any Holden product or in connection with the supply of any Holden product, which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by Holden in its published sales literature, and Holden does not accept any responsibility for such unauthorised action.

Servicing

Distance / Time based service intervals

The complimentary inspection is due at 1 month of owning your new Holden.

The first scheduled maintenance service is due at 1 year or 12,000 km (whichever occurs first) from taking delivery of your vehicle and thereafter, every 1 year or 12,000 km (whichever occurs first).

Additional services are required under certain driving conditions, such as when towing. Refer to *Maintenance Schedule* further on in this booklet.

Complimentary inspection

The 1 month complimentary inspection is performed free of charge by the selling Dealer.

A different Holden Dealer may perform this inspection if provided with authorisation from the selling Dealer.

Determining the proper service interval

The operating conditions of your vehicle will determine the service interval. Use the **time** interval or the odometer reading, whichever occurs first, to determine when the service is due. It is important to remember that oils and fluids in your vehicle will deteriorate over time, therefore if your vehicle has not travelled the specified service interval distance, the vehicle **must** be serviced by time interval.

Under certain operating conditions, your Holden may require additional servicing to ensure maximum safety, performance and longevity.

The additional service requirements typically include more frequent replacement of lubricating oils for example, engine and transmission fluids and the more frequent inspection of steering, suspension and brake system components. For more information please refer to *Maintenance Schedule* further on in this booklet.

Your Holden Dealer will be able to determine the appropriate service requirements for your vehicle according to your operating conditions.

Servicing

Engine oil life system

If **% Change** (Change Engine Oil Soon) appears in the Driver Information Centre (DIC), the engine oil and filter must be replaced within 1,000 km and the Engine Oil Life System (EOLS) reset. The engine oil and filter change should be recorded on an Additional service coupon.

Note: If **% Change** (Change Engine Oil Soon) appears in the DIC within 3,000 km of the next scheduled maintenance interval, the scheduled service should be performed, the engine oil and filter changed, and the EOLS reset. Record on the applicable coupon stub.

Service coupons

Service coupons are provided further on in this booklet. When each service is performed, the appropriate coupon is removed. This reveals the next coupon to remind you when the next service is due.

After each service, check the service has been validated by the Service Provider and, where applicable, the Dealer's stamp and signature is on the coupon stub. This is important as it not only assists in the determination of Holden Warranty claims, but enhances the value of the vehicle when selling.

Service coupons are provided for each service up to the 13 year / 156,000 km service. For all subsequent services, refer to the maintenance schedule *'After 13 years or 156,000 km'* on page 17. When performing these services, record them on the additional service coupons provided on page 49.

Additional service requirements

If you are driving your vehicle outside of the normal driving conditions, you may need to conduct additional servicing. Criteria for these additional services can be found in the maintenance schedule. Additional service coupons can be found further on in this booklet.

As a guide, if you operate your vehicle continually for a period of one month or 1,000 km under any of the conditions listed, then additional services are recommended. If you consider that further servicing may be required, consult your Holden Dealer.

Servicing

Your Holden Dealer

When it comes to service, remember that your Holden Dealer has the trained personnel and specialised equipment to correctly service your vehicle. Your Holden Dealer invites you to return for all your service needs both during and after the Holden Warranty period.

The safety, economy, emission control, performance and reliability of your vehicle cannot be assured unless regular maintenance is performed, preferably by factory-trained technicians at Holden Dealers.

Holden Warranty and service

Subject to your non-excludable statutory rights, all maintenance services listed in this booklet, and replacement of service items, are the responsibility of the owner and as such are NOT considered under the provisions of the Holden Warranty to be rectified of defective material and workmanship. Items such as wheel alignment, necessary adjustments to drive belts, transmission, clutch or any other items not listed in the maintenance schedule which may require servicing due to fair wear and tear are carried out at the owner's cost.

Damage caused by failure to have proper maintenance services carried out in accordance with Holden's specifications may void your Holden Warranty. As a result, it is strongly recommended that such services be carried out by an authorised Holden Dealer or Authorised Service Outlet and that you read the Holden Warranty section previously in this booklet, so that you are aware of the Holden Warranty exclusions.

Service charges

Service inclusions

Holden service includes all items listed in the standard maintenance schedule for normal operating conditions, as specified on the service coupon, including parts, labour, fluids and all applicable workshop charges.

Maintenance repairs and replacements

The owner is charged for the repair or replacement of any part found unserviceable during a service inspection and not covered by Holden Warranty.

Where any deficiencies are noted, such items should be reported to the owner / operator and the additional work quoted and authorised.

Additives not recommended

Your Holden is engineered to perform at its optimum using Holden recommended lubricants and fluids. The use of supplemental additives is not recommended as their use not only increases operating costs, but may indeed be harmful to your vehicle.

Additional service charges

If any additional service or maintenance work is required that is not covered by the scheduled service terms and conditions, the authorised Holden Dealer will discuss any additional costs with the customer prior to performing any such additional work.

- If engine oil is changed ..... add 0.2 hour
- If engine oil and filter are changed ..... add 0.3 hour
- If air cleaner element is changed ..... add 0.2 hour
- If engine coolant is changed ..... add 0.5 hour
- If brake fluid is changed ..... add 0.4 hour
- If automatic transmission fluid is changed ..... add 0.5 hour
- If tyres are rotated ..... add 0.2 hour
- If tyres are rotated and balanced (4 tyres) ..... add 0.7 hour
- If pollen filter is changed ..... add 0.2 hour
